A PROCLAMATION

And Faithful Warning to all the Saint scattered around in Boston, Philadel phi, New York, Salem, New Bodford Locall, Peterborough, Gilsom, St. Lou it, Nauroo, and elsewhere in the United States; Also, to those residing it the different parts of Europe and it the lahads of the seco.

To all such your Father and Partiarch reads this Gereling—He speaks to you as the spirit of two and christian kindass, believing the control of the consider of the control of the con-

Charch
I take this course towards my brethren
in all meckness of spirit, patience, and
farbersance, without aught of malice or
rescage, that they may understand the
true reason of my silent course of concent during the last summer, and the
cause of my present position.

I sill rate unequivocally at thousast, white any firm and innere conviction, that, since the morder of my two besters respection and narrely, and spiritual siliculares in high places, have crept in the church, with the cognizance and epileacenes of those whose solemn do my was to governed watch against such as the control of the company of the compa

At the time of the death of my two probers, I was allowing with all my energe in the eastern citizes, where I had been havid engaged for alout three years, under the direction and adversariance the control of the direction and adversariance and adversariance and execution the week, as it might be more than a direction and execution the week, as it might be more an experiment, and endanger not advent own iff-but the time of hundreds, being a more than a city of the direction of my friends. This advice, together serving a control of my friends. This advice, together with a sick formity only my hand, influenced my of the cast. In the event time, as all the Soint well know, I was energyed in publication of the cast. In the mean time, as all the Soint well know, I was energyed in publication and the cast. In the mean time, as all the Soint well know, I was energyed in publication and the cast. In the mean time, as all the soint and the cast is the mean time, and the soint and the control of the cast. In the Mr. Parley P. Pratt, who had come on from the west, with the soint of the direction of the mean time, the specific authority from the direction of the west, with the specific authority from the direction of the major of the caster perfection.

I may be a supported the control of the caster perfection of the way with the most input in the printing, etc., without a single provision with two perfects and the specific cast of the caster perfections of the caster perfectio

a friendly feeling, and would frequently mention what they intended to do, and what it was intended to do, and what it was in their lears to do, for me and the reat of the Smith lamily. So on the reat of the Smith lamily. So one was a second to the secon

up the charch, and for the last vear to wrest it from the inflaneae of "R glon-sm." And further it can be proved that I Noung and P. P. Pratt were the first to preach and to practice the "spiritual charch and the place of the place o

formed I had better look out, or I should be cut off from the church. It was a sacrifies indeed to be silent. It was a boat this time that the Hodge affort rook place, and I verily believe that haven a men and the company of the control of the co

and on her relation of what the had seen, and on her relation of what the had seen, and on her relation of what the had seen, and on her relation to riduule on the stand the whole matter, and carrelled that the charch could entertain for a meat the crazy manifestation of an add woman. Such remarks, be it borned in midt, proceeded from one who preemds to b-1 the key of telling where the systal tool at, and chairs a standing at the charch to be compared to be a standing as the standing of the compared to be compared to be compared to be compared to the charch to be compared to the compared to the charch to be compared to the compared to the charch to be compared to the property of a certain John of the property of a certain John of the control of the charch to be compared to the control of the charch to be captable to be equally control of the charch to be captable to the control of the charch to be captable to the control of the charch to be captable to the control of the charch to be captable to the control of the charch to be captable to the control of the charch to be captable to the control of the charch to be captable to the control of the charch to be captable to the charch to the char

chacking with sparking eyes to think he and me in the power so be light-in Young to the land of my ancestors, and to my table to land to contile in the land of my ancestors, and to the land of my ancestors, and the where the bedies of my brother's law, I while to live in peace, and claim the protection does to me. I told them that I considered my right to teach the church of the land of my ancestors, and to assist in controlling the public sentiment. I wright to councie the police, and to assist in controlling the public sentiment. Further, that if the brothere did not want me or my councils, to announce such a sentiment and I would leave them. Let, appears any so—Lett the police say we, and I am gone! But my kir yell where I go, and one of the land of

them also goes the Priesthood.

After I had spoken for nearly an hour to the foregaing purpose, Brigham Young arose, and although when he came into the room he had given me his hand, with a smiling countenance, launched forth in

the lottowing strain, with observous ownet | will let William Smith know that he
has no right to counsed this Church, for I
an the man! I will let William Smith
know also, that he shall not counsed the
police; furthermore, that where the Smith
family goes the church will not go, nor
william Smith know that I am the presi
dent and head of this church and strange
to ax a will the police and the bishops, and
the "Twelve" who were present, said
thereouto. "amen." The conclusion I
drew from all this was, that I
had better
taxe. Furthermore he stated that Josph Smith had revealed to him a mystety concerning the Rayal Blood, that nonof the reat of his brethren knew any
hing about that littled Joseph his eldest

Various creumstances induced me to believe myself hedged in, and I looked at the door and at the window, but with a very faith hop of escape; it was death to jump from the window, and the armed police prevented all secape from the door, to I sank heak and cried in the very agony, of spirit, "Lord here mercy upon me, and, deliver me from the evil hands of those

who hold against me." At this juncture robe of pure Beginn Young said, "of brother William priest and kin grees to uphold the police, and unke junces to uphold him." To this I generate which is a supplied to the property of the police wenth uphold him." To this I generate wenth uphold him." To this I generate was a supplied to the property of the testion. It was now quite dark, and cury, tongue wagons and carriages were all in rendi-redowments a nose, so that with the greatest case I under the han could have been sent on a fong mission, to power and as possible, and to preserve paice, and quality on all avoid any outbreak of feeding. I cantiously fore bestowed kept my own connect. Remore however were again spread about by medioantoms lost the previous, that the saints had better be canvived, that the saints had better be canver great any carried and the preried of the previous that the saints had better be canver great any carried and the continual wifeleas than to bring about a division in the that a preside both reports might excite that I preached make a man prosent that interied unisher more nor keys, and the less than to bring about a division in the that a preside both reports might excite that I preached make a man protain the principles of morality and retenting. An all residently with principles of any the wasto expose to the light the principles of a not brevial wasto expose to the light the principles of a not hevelow.

still made to render my position as disay receable and unhopy as possible. Littill continued on in the consciounces of the british of the contract of the cont

A libelow article was published by John Taylor, on my Patrarcala office, which reached my multier's ears, and occasioned her much a routing, and loss of rest. To such an extent was her mixed different that she sent to find me, and when I entered her room, she exclaimed, "My, on, my son, you are allow yet! In a vision I as wyo in a room, ander the guard of enome, and as who far aftired is some saferestift." A singular eigenfederer with the every situation in which I had been placed,

to be a superior of the control of t

ir the tithing funds.

If And now bretheren, I leave it to you to gary what shall be done! My councel is that you at one as on thing, further my name of the council of the

ling. What think you now my brethert of "Russia Missions?" None so holy as these men, yet mothing too knavish or un derhanded for them to perform.

derhanded for them to perform.

In noticing the claims of Brighem
Young to superior power and authority,
I would here observe that I hard myd
