President R. N. Mabey,
Special Representative
L. D. S., P. O. Box 1193
Enugu.

Near President Mabey,

We have received your letter of 17 September with thanks
(We shall never forget 21 November 1978 and thereabouts.

The seed of the gospel you sowed will grow into a giant
tree. The Church in Nigeria will surprise the world in
its growth. The number of baptisms, confirmations and
ordinations you had in the country, only show a beginning.

The priesthood blessing which I received in the hospital,
has made me well. I was told that Brother Cannon Jr. & his
wife came to visit ^{me}. Though he did not meet me. It was
the day I went for a check up.

I am in receipt of your beautiful picture to us.
If it is not against the mission policy, we wish you
may work with us for another year (Remind Authorities).

Your name has gone to the record in the history
of the Church in Nigeria and the Salt Lake City.

Regard your work with us as one of the greatest
blessings ^{God} has for you and ^{your} family. God bless you.

Sincerely
Pres. Anthony Obinna
