

The same quorum one month
 ago. Bro John Pack also was
 present. Bro Thomas Howells
 presented two Essays, on Christ
 & on Adam, which took
 some time, after many
 Remarks. Bro^s Trip Pack
 William Muse, & myself
 spoke. we find Bro^s Howells
 in error & are labouring to
 get Bro^s Howells to see the
 same to save him further
 trouble for as the last minutes
 Howells remarks that he
 would lose his standing in
 this Church. one of his errors
 is that Adam was made
 out of the dust in the garden
 out of clay & his spirit was
 put therein at that time &
 thereby abrogates President
 Youngs discourse in 1852,
 saying that either Joseph

the Prophet, was wrong or else
 President B. Young was & that
 President Young was the one wrong.
 My views was asked on this
 subject, I said that I believed
 both were wright, & that Heatter
 Adam was one of the three
 that made this Earth. Eleonore
 Felona & Michael who is Ad^{am}
 & that Adam was made of
 the dust just as bro Howels
 was, taking a father & Mother
 on some other Earth & was
 Resurrected & then the Heatter
 of spirits, brought with
 him one of his Wives after
 helping to make this Earth as
 Michael, then fell by partaking
 of the fruits of this Earth after
 which he became the Father
 of our Tabernacles, & if Bro
 Howels could not comprehend
 these things to be them, if unill
 he could, & if he indulged in

in that spirit to correct &
 set President young nite
 that he would be left with
 & loose his faith & standing
 in this Church after my
 remarks. Bro H. L. Daniels
 said he was wrong. Any for
 it & asked forgiveness & the
 quorum voted to forgive
 him & about 10.0 clock we
 retired feeling that we had
 done good. This afternoon
 I had moved that Bro Daniels
 be sited before the first
 Council & it was carried,
 on the complaint of Pres. Trip
 & also of my testimony as
 I had witnessed at their
 last meeting.
